Re: Addendum to Site Operations Plan  
Asbestos Dump Site

Dear Ms. Barker:

This letter is to inform you that the Environmental Protection Agency (EPA) has approved your Addendum to the Site Operations Plan, for additional studies to characterize the stability of the asbestos pile at the millington site.

Please notify us of the date you intend to start field activities so that the agency may arrange to provide oversight during such activities.

Should you have any questions, please contact Nigel Robinson, Project Officer at (212) 264-8674.

Sincerely yours,

John V. Czapor, Branch Chief  
Site Compliance Branch
